- Develop and implement policies/procedures to ensure high quality of care.
- Monitor program performance and ensure compliance with all applicable regulations.

Quality Assurance

- Regularly review and update clinical protocols to ensure current best practices.
- Conduct routine audits and evaluations to maintain high standards of care.
- Address and resolve any quality related issues in a timely manner.

Remote Support

- Provide ongoing support and guidance to dental hygienist team.
- Offer teleconsultation and case review support as needed.

Clinical Services

- Provide dental services in person two days per month.
- Promote long term oral health by focusing on preventative care and early intervention.
- Collaborate with Hospital's medical staff to integrate dental services with broader initiatives.

Community Engagement

- Participate in community outreach efforts to promote dental health education and care.
- Work with Hospital leadership to identify and address the unique needs of our rural community.

Requirements:

- DDS or DMD degree from an accredited dental school.
- Active dental license in Colorado or willingness to obtain.
- Minimum of 5 years of clinical experience, focus on pediatric dentistry preferred.
- Previous leadership or management experience preferred.

Independent contractor agreement – compensation dependent on experience and qualifications.
